All material from the previous edition is completely rewritten to reflect the author's additional 27-years of experience in boat design and propeller selection since the first edition was introduced. Significant changes in the emphasis placed on factors such as blade area and propeller and engine matching, underlie the revised propeller-selection approach. Plus, the entire book has been updated to fully include metric and English units.

## **1,000 Inventions and Discoveries**

As the first volume in the Johannine Monograph Series, The Gospel of John: A Commentary by Rudolf Bultmann well deserves this place of pride. Indeed, this provocative commentary is arguably the most important New Testament monograph in the twentieth century, perhaps second only to The Quest of the Historical Jesus by Albert Schweitzer. In contrasting Bultmann's and Schweitzer's paradigms, however, we find that Bultmann's is far more technically argued and original, commanding hegemony among other early-Christianity paradigms. Ernst Haenchen has described Bultmann's commentary as a giant oak tree in whose shade nothing could grow, and indeed, this reference accurately describes its dominance among Continental Protestant scholarship over the course of several decades.

## **Register of Yachts**

A guide to researching, writing, and preaching on the Fourth Gospel with attention to the textual, cultural, and literary contexts.

## **Yacht Register**

The relationship between Israel and the church continues to be a controversial topic led by this question: Does the church replace, supersede, or fulfill the nation of Israel in God's plan, or will Israel be saved and restored with a unique identity and role? In *Has the Church Replaced Israel?*, author Michael J. Vlach evaluates the doctrine of replacement theology (also known as supersessionism) down through history but ultimately argues in favor of the nonsupersessionist position. Thoroughly vetting the most important hermeneutical and theological issues related to the Israel/church relationship, Vlach explains why, "there are compelling scriptural reasons in both testaments to believe in a future salvation and restoration of the nation Israel."

## **Propeller Handbook, Second Edition: The Complete Reference for Choosing, Installing, and Understanding Boat Propellers**

Biblical covenants provide the backbone to the narrative plot line of Scripture; therefore, it is essential to think through the interrelationship between the biblical covenants, starting in creation and culminating in Christ, in order to rightly grasp the "whole counsel of God."

## **The Gospel of John**

This substantive evangelical commentary on Romans by a leading biblical scholar is one of the most popular in the award-winning BECNT series (more than 25,000 copies sold) and has been praised as a great preaching commentary. This new edition, updated and revised throughout, reflects Thomas Schreiner's mature thinking on various interpretive issues. As with all BECNT volumes, this commentary features the author's detailed interaction with the Greek text, extensive research, thoughtful verse-by-verse exegesis, and a user-friendly design. It admirably achieves the dual aims of the series--academic sophistication with pastoral sensitivity and accessibility--making it a useful tool for pastors, church leaders, students, and teachers.

## **Interpreting the Gospel of John**

A Theology of John's Gospel and Letters introduces the first volume in the BTNT series. Building on many years of research and study in Johannine literature, Andreas Köstenberger not only furnishes an exhaustive theology of John's Gospel and letters, but also provides a detailed study of major themes and relates them to the Synoptic Gospels and other New Testament books. Readers will gain an in-depth and holistic grasp of Johannine theology in the larger context of the Bible. D. A. Carson (Trinity Evangelical Divinity School) says about Köstenberger's volume that "for the comprehensiveness of its coverage in the field of Johannine theology (Gospel and Letters), there is nothing to compare to this work." I. Howard Marshall (University of Aberdeen) writes, "This book is a 'first' in many ways: the first volume that sets the pattern for the quality and style of the new Biblical Theology of the New Testament series published by Zondervan; the first major volume to be devoted specifically to the theology of John's Gospel and Letters at a high academic level; and the first volume to do so on the basis that here we have an interpretation of John's theology composed by an eyewitness of the life and passion of Jesus." The Biblical Theology of the New Testament Series The Biblical Theology of the New Testament (BTNT) series provides upper college and seminary-level textbooks for students of New Testament theology, interpretation, and exegesis. Pastors and discerning theology readers alike will also benefit from this series. Written at the highest level of academic excellence by recognized experts in the field, the BTNT series not only offers a comprehensive exploration of the theology of every book of the New Testament, including introductory issues and major themes, but also shows how each book relates to the broad picture of New Testament theology.

## **Has the Church Replaced Israel?**

B.F. Westcott's classic work on the Greek text of the Gospel of John was the fruit of forty years of research,

the book having been commissioned around 1860 and published posthumously by his son. The Greek text is that of Westcott and Hort. Readings of select Greek uncial manuscripts are placed beneath the text in the case of textual variants noted in the Introduction, and all the more important readings are treated in special critical notes, which are indexed.

## **A Dispensational Theology**

The volumes is a study in the Christian doctrine of the kingdom of God. It is done from the Evangelical viewpoint and biblical texts, the history of the doctrine, and contemporary theology.

## **The Gospel According to St. John, Volume 2**

A classic in conservative Old Testament scholarship, this three-volume commentary concentrates primarily on the meaning of the text of Isaiah rather than on specific textual problems. Volume 1 covers chapters 1-18; Volume 2 looks at chapters 19-39; Volume 3 surveys chapters 40-66.

## Advances in the Study of Greek

Matthew's Gospel contains two discernible missionary mandates, where Christ sent His disciples to two different people groups with two evidently distinct messages. The command of Jesus to "Go therefore and make disciples of all the nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit" (Matt. 28:19) is well known and oft repeated by Christians the world over. This missionary mandate has come to be commonly referred to as "the Great Commission." However, there remains another commission with which the diligent reader of Scripture must come to terms.

## John

The Jewish Gospel of John is not, by any standard, another book on Jesus of Nazareth written from a Jewish perspective. It is an invitation to the reader to put aside their traditional understanding of the Gospel of John and to replace it with another one more faithful to the original text perspective. The Jesus that will emerge will provoke to rethink most of what you knew about this gospel. The book is a well-rounded verse-by-verse illustrated rethinking of the fourth gospel. Here is the catch: instead of reading it, as if it was written for 21 century Gentile Christians, the book interprets it as if it was written for the first-century peoples of ancient Israel. The book proves what Krister Stendahl stated long time ago: "Our vision is often more abstracted by what we think we know than by our lack of knowledge." Other than challenging the long-held interpretations of well-known stories, the author with the skill of an experienced tour guide, takes us to a seat within those who most probably heard this gospel read in the late first century. Such exploration of variety of important contexts allows us to recover for our generation the true riches of this marvelous Judean gospel. "A genuine apologetic is one that is true to the texts and the history, akin to the speeches of a defense attorney with integrity. Using the best of contemporary scholarship in first-century Judaic history and contributing much of his own, Dr. Eli Lizorkin-Eyzenberg has demonstrated that the Gospel of John is not an anti-Jewish, but a thoroughly Jewish book." Daniel Boyarin, Hermann P. and Sophia Taubman Professor of Talmudic Culture, University of California, Berkeley "Dr. Lizorkin-Eyzenberg places the text of John's Gospel in its authentic context by examining the Dead Sea Scrolls, Philo, rabbinic literature, and suggesting innovative explanations for the nomenclature, 'the Jews.' His fresh analysis is sure to stir meaningful debate. His creative approach will make an enduring contribution to the discipline of New Testament studies." Brad Young, Professor of Biblical Literature in Judeo-Christian Studies, Oral Roberts University "For some time, research on the Gospels has suffered from stagnation, and there is a feeling that there is not much new that one can say. In light of this, Dr. Eli Lizorkin-Eyzenberg's new commentary on the Gospel of John, with its original outlook on the identity of the original audience and the issues at stake, is extremely refreshing." Ishay Rosen-Zvi, Head of the Talmud and Late Antiquity Department, Tel-Aviv University.

## Commentary on the Book of the Prophet Isaiah

The uniqueness of the Gospel of John is readily apparent. In contrast to the overlapping material in the Synoptic Gospels, John shares only about ten percent of its content with Matthew, Mark, and Luke. John's distinct focus on Jesus' life as the culmination of salvation history makes it "the theological pinnacle of the gospel tradition" and establishes its author, along with the apostle Paul, as one of the early church's foremost theologians. Not a traditional commentary on the book, this volume, like others in the Encountering Biblical Studies series, is designed especially for classroom use. A lucid writing style and a number of pedagogical enhancements make this a perfect tool for helping students master the content and key interpretive issues of the Gospel of John. Like the other volumes in this series, the pedagogical usefulness of this work is enhanced by a number of features: \* copious illustrative tables, maps, and photos \* sidebars and excursuses that address difficult passages and important issues \* an outline and objectives at the beginning of each chapter \* study questions and key terms at the conclusion of each chapter \* a comprehensive glossary and annotated bibliography \* instructor's manual available on diskette

## **He Will Reign Forever**

Augustine, the man with upturned eye, with pen in the left hand, and a burning heart in the right (as he is usually represented), is a philosophical and theological genius of the first order, towering like a pyramid above his age, and looking down commandingly upon succeeding centuries. He had a mind uncommonly fertile and deep, bold and soaring; and with it, what is better, a heart full of Christian love and humility. He stands of right by the side of the greatest philosophers of antiquity and of modern times. We meet him alike on the broad highways and the narrow footpaths, on the giddy Alpine heights and in the awful depths of speculation, wherever philosophical thinkers before him or after him have trod. As a theologian he is facile princeps, at least surpassed by no church father, schoolman, or reformer. With royal munificence he scattered ideas in passing, which have set in mighty motion other lands and later times. He combined the creative power of Tertullian with the churchly spirit of Cyprian, the speculative intellect of the Greek church with the practical tact of the Latin. He was a Christian philosopher and a philosophical theologian to the full.
